ZEN LEARN

AI-Native Micro-Learning for Manufacturing Teams

3–5 minute modules that improve safety, quality and SOP discipline

Rohit Kumar – Founder, ZenLearn.AI | +91 99161 34500 | rohit@zenlearn.ai

ZEN LEARN

Build a smarter, safer factory - 3 minutes at a time

AI-Native Micro-Learning

For staff, engineer, supervisor and operators

3–5 Minute Modules

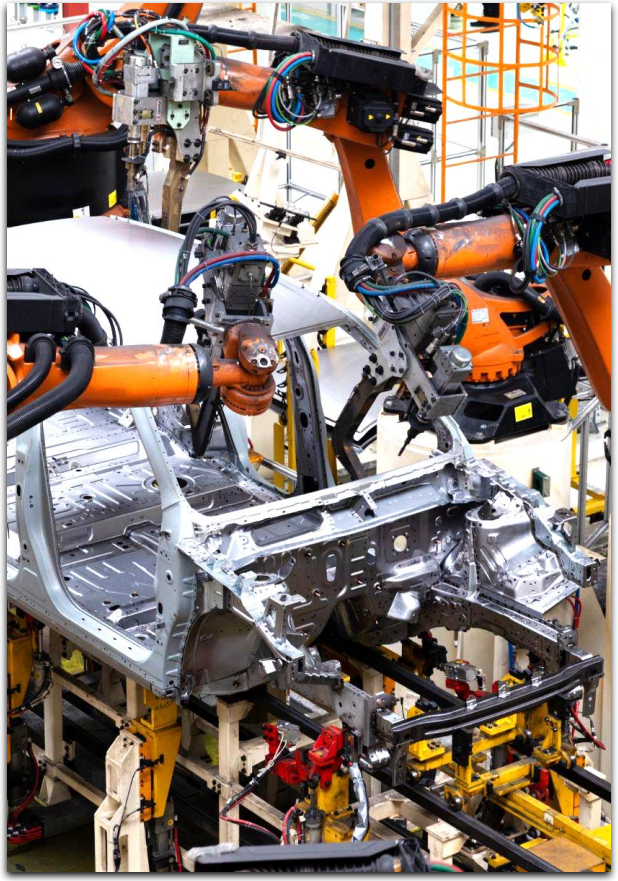
Fit into shifts, toolbox talks and daily work

80–90% Completion

Mobile-first, WhatsApp-style experience teams use

Story-Led Content for Shop-floor Reality

Safety, quality, downtime and SOP discipline



Ready-to-deploy programs for manufacturing

ZEN LEARN

Manufacturing Excellence

- PLC & Automation
- Process Control & SOP
- Value Engineering
- Tool & Die Setting
- Kaizen
- Digital Tools for Design
- FIFO & Inventory
- Implementing IoT

Leadership & Managerial Skills

- Finance for Growth
- Partnerships for sales
- Decision Making
- How to build MVP
- Design Thinking
- Building Community
- Effective Change
- AI adoption at work

- Code of Conduct
- Sales refresher
- SOP
- Soft skills
- Process Adherence
- Service protocols
- New product launch
- Distributor training

Quick to Start. Easy to Scale.

ZEN LEARN

How it fits into your plant

1. **Choose Priority Themes**
   Safety, Code of Conduct, new supervisors...
2. **Combine and Customise**
   Mix ready programs with your policies and SOPs
3. **Roll out 3–5 Minute Micro-Modules**
   Deployed on mobile / links for shifts, toolbox talks
4. **Track and Improve**
   Dashboards by plant, line and role: completion, quiz scores, feedback and certificates

Why leaders choose us

- Higher adoption on shop floor
- High completion, minimal disruption
- Consistent process across locations
- Audit-ready proof of training

Enterprise scale learning on YOUR phone

ZEN LEARN

Unlimited practice (Quiz / Tests)

Simulated for safe failure, **40%** higher score

Live analytics & nudges

Dashboards, focus on **20%** that matter

Branded "University" for all

Roll processes to **10,000+** people in days

Recent Client Deployment

80% Certification pass rate

Improved from 25-40%

4.6/5 Learner NPS score

On ZenLearn platform

30 day pilot in a plant or function? Let's design it around your top 3 priorities.
